Re-entry in playing Icestocksport in the national federations and clubs

Dear Members of the Icestocksport Family,
dear Icestocksport players, dear administrators,

the Corona Pandemic has changed numerous of our daily routines. We need to accept many constraints. These measures are important to protect our own health as well as the health of our fellow men. However, we may under no circumstances lose our lust for life! This also includes the organised Icestocksport. I believe that it is important to take all necessary efforts to continue practicing our sport. We are a great team sport, that can be practiced without contact to our colleagues. Therefore, please undertake everything that is possible in the frame of the legal conditions to enable the further practice of our sport.

Think positive and not only about the worst case scenarios!

We all enjoy playing Icestock. Therefore, please take care of each other and follow the hygiene rules. Then our game operation can start well-regulated in the winter season 2020/21.

The IFI will provide support wherever needed. The necessary adjustment of rules will also be enforced.

Yours sincerely

Christian Lindner
President

International Federation Icestocksport
